## SportsBook Breakers Spotlight System of the Day

**PLAY UNDER:** Teams which have come back from multi-run deficits in three straight games

52-65-5 (0.19, 44.4%) +5.5% ROI

Making a big comeback game after game is just not sustainable. And while a team might feel like they can just keep scoring at will when they need it, we know that is not going to happen. Where they has the biggest effect is on scoring, and in particular the total in these games which are at an average of 9.0, leaving ample room to go under when the scoring is not quite there in the same fashion.
