SportsBook Breakers Spotlight System of the Day

PLAY AGAINST: Teams that used at least six pitchers last game and have a starter with an ERA of at least 5.05 going.

806-1010 (-0.56, 44.4%) +1.8% ROI

There are some situation where a team is affected exactly how you might suspect they would be and this is one of them. This is a situation where a team has a bad starter going after a game where they had to go deep into their bullpen. With a bullpen lacking some rest, they are not able to provide as much early support, or the same quality of support of these bad starters from their bullpen, and their performance suffers.
